This amazing seminar is designed for both parents and children to learn together. Both parents and children will benefit in producing AMAZING results in parents career and children exam results. While you are learning together, parents can observe their children excitement and parents can learn the techniques which they can help children study at home.

This AMAZING A STAR STUDENT seminar has helped thousands of children. Now we are inviting you and your children to this AMAZING A STAR STUDENT seminar for school holiday 2008.

**Some success stories to share with you:**

1. A form 5 student came to us 8 years ago with grade 3 results in her trial exam. After the seminar she obtained grade 1. What an AMAZING result!
2. Another student was referred to us by her mother who was worried that her daughter has lost total interest in school work. After the seminar, she obtained grade 1 in her SPM. Her mother called us to say she has gone to higher learning institution. What an AMAZING result!
3. A university student who consistently did well in her exams, came to us to learn how to improve her time management so that she could be efficient in her self study time. After the seminar, she got on the dean's list! She also called us to say she had so much more free time while she was studying. There were no rushing and no more last minute studying. What an AMAZING result!
4. A standard 1 student was in our seminar. His mother informed us that the student hated exams. And just because of that he did not perform well in his exams. After the seminar, he loved exams! He began to score As in his exams. What an AMAZING result!

This are among the many success stories that we have had over the years. We are inviting you and your children to learn together and have AMAZING A STAR results. The seminar is designed to be fun and full of “learning without learning” experiences which will give lasting and effective results.

This seminar is normally priced at RM299 per person. But this school holiday, we are offering you an AMAZING school holiday price at

**RM50 per person!**

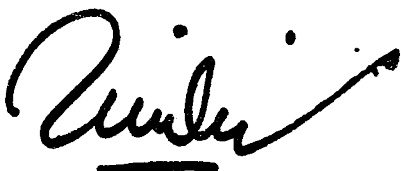

For primary school children, parents or a guardian who is 15 years old and above, must accompany the children. For secondary school, parents attendance are optional but parents must attend the last half an hour of the seminar called the summary section.
