Dear Sir/Mdm.,

RE : NSG REFERRAL PROGRAM

Creating Financial Freedom for A Lifetime Success and assisting clients are a Passion to me as a professional consultant. I would love to speak to some of your wonderful friends and family members on this topic and hope to extend the same services that I am currently rendering to you.

May I have the details of the individuals that you think might benefit from my assistance.

Thanks again for your business and referring us to others.

Yours sincerely,
